ATTACHMENT 'A'

Regulation 22, Registration of Engineers Regulation 1990 (Amendment) 2003.

"Practical Experience

22. (1) The practical experience that a Graduate Engineer is required to obtain under section 10(1) (b) of the Act so as to be entitled to apply for registration as a Professional Engineer shall be carried out to the satisfaction of the Board for a period of at least three years, and shall include the following -

(a) the Graduate Engineer must undergo -

- (i) at least two year of general training that will provide a sound basis for professional development; and
- (ii) at least one year of professional career development and training providing wide exposure to the various managerial and technical expertise in engineering practice,

where at least one year of the training must be obtained in Malaysia under the supervision of a Professional Engineer in the same branch of engineering as that practised by the Graduate Engineer, although Professional Engineers in other related branches of engineering may be acceptable with the prior approval of the Board; and

(b) the Graduate Engineer must have satisfactory attendance in courses and professional development programmes determined by the Board, and conducted by the Board or institutions approved or accredited by the Board.

(2) Notwithstanding sub-regulation (1), if the Board is satisfied for sufficient cause or reason, the Board may in any particular case exempt, **either wholly or partially, or enhance** the requirement as to the practical experience required to be obtained in Malaysia or the requirement as to the supervision by **a Professional Engineer in Malaysia.**

(3) A **Graduate Engineer** applying for registration as a Professional Engineer under section 10 (2) of the Act shall submit with his application proof in writing of his practical experience. Such submission shall include **details and description** of the practical experience and a statement **by the supervisory** Professional Engineer under sub-regulation (1) in the case of experience obtained in Malaysia or by an engineer acceptable to the Board in the case of experience obtained outside Malaysia, that the **Graduate Engineer** has satisfactorily completed his practical experience.
